ANESI LAB

Become an Anesi Lab Stockist with HOF Beauty today. Invest as little as £200 to introduce this high-quality brand into your salon and receive exclusive stockist benefits such as; training, offers, and marketing materials.

High performance cosmeceutical skincare manufactured by DRV-Phytolab, a dedicated leader in professional beauty for over 50 years.

Anesi Lab's innovative formulations are developed by their in-house specialist R&D department. Only proven active ingredients in the highest concentrations are used to create products that visibly improve the skin's appearance and have a positive physiological effect at a cellular level.

The dedicated professional-only products and treatments are formulated with unique blends of concentrated actives and combined with signature massage protocols to deliver truly exceptional results. Anesi's expert product range can be combined with electro-therapies for advanced aesthetic treatments.

A comprehensive range of retail products have been specifically developed for every skin type and concern to repair, balance, and revitalize the complexion.

A collection of white, textured objects resembling soap or wax on a blue background. The objects include a large, rounded, textured piece at the top, a circular piece with a porous, bubble-like texture on the left, a wavy, layered piece in the center, and a smooth, elongated piece at the bottom right. The background is a solid, light blue color.
